hello!

Innovative, creative, adaptable, and strategic thinker multimedia and graphic designer credited with combining sales, marketing, and creative development expertise to effectively articulate concepts and deliver original final products. Able to adhere to a design strategy, including budgets and timeline needs, based on the project brief, creative criteria, expected production values. Strong design, typography, motion, and composition layout skills.

Self-reliant with the ability to operate with purpose, urgency, and accuracy both independently and as part of a team in a dynamic environment with concurrent deadlines and rapidly changing priorities. Adept at working with minimal supervision on assignments requiring initiative and understanding of implications to people and the organization with an ability to handle confidential information. Highly accomplished with a keen ability to build and maintain relationships. Substantial professional experience in digital and print design.

experience

Bartell Drugs & Rite Aid / Senior Graphic Designer / October 2016 - May 2025

Social media: Conceptualized content for Meta, Pinterest, and TikTok including consulting and providing ideas to off-site video teams to create 15-30 second video ads, as well as working closely with an off-site photographer to bring social content to life. Job duties included scheduling, securing product/props, conceptualizing, art directing, photo styling, and editing still life photos, stop motion, and video. Animated concepts from third-party agency into final creative.

Web design: Collaborated with web developers for website redesigns and functionality including Bartell Drugs homepage, as well as QA testing new branded web pages, forms, and app updates. Designed and updated webpages and blogs on Bartelldrugs.com using templates built in Wordpress and AEM while updating with html as needed. Concepted and built landing pages for Rite Aid's Own Brands using Figma and Ceros. Designed e-commerce tiles for Rite-Aid site.

Email: Built fluid design, desktop, and mobile templates and occasionally copy wrote for Bartell's emails which included, but not limited to Saturday Sneak Peek, Welcome Series, Reengagement, special events, and editorial while working closely with email marketing specialist for content. Design lead for Rite Aid email ADA compliance.

Display: Designed branded static and rich media display ads and wallpapers for seasonal campaigns and pharmacy initiatives. Produced quality animated and static assets for various stadium take-over sponsorships and bespoke events. Designed Amazon and Instacart product tiles for Bartell's and Rite Aid. Designed engaging static and motion graphic assets for Rite Aid's digital circular.

Print: Collaborated with marketing team on Bartell seasonal print catalogs and landing pages including layout design, type treatments and providing art direction for photography. Designed in-store print collateral for Bartell's community events. Updated layout for Bartell's Savings Book.

Key accomplishments include increase in social media followers, site traffic, and email subscribers for Bartell's, updating Bartell's homepage to a modern design, creating consistent look and feel across Bartell's website, social accounts, and blog, designed quality and efficient email templates, and updating design layout and title for Bartell's Savings Book. Developed a trademarked tagline for Rite Aid's Own Brand Ello Market. Lead for Rite Aid Brand Portal organizational structure. Production lead of static and animated digital assets for Rite Aid/Thrifty Ice Cream sponsorship for various sports arenas/teams and bespoke events.
